G 5

If my wish could come true, I would wish for
to race, and NASCAR. I have always wanted
to race. It will make me to live in super.
It can be pretty at time but it is what I want to do.
My family has second thoughts about my racing.
Racing has been one of the things I have wanted to do.
If I could race I would have my mom out.
I would like in a mansion. I have always liked
to go fast. So racing is the best sport for me.
It can make me reach of it could make me pro.
Maybe I would stay racing.

Score Point: 2

This response is considered flawed. A low degree of proficiency is reflected. The writer identifies a special wish (to race in NASCAR) and provides a list of specific reasons for having this wish come true (I would help my mom out, I would live in a mansion, and I have always liked to go fast). However, there is little to no development of these reasons, and the response is very weakly organized. In addition, serious errors in writing conventions make the response difficult to understand.
